CHICAGO October 30, 2017

The Renslow Charitable Trust held its initial organizational meeting at the Executive Offices of International Mr. Leather, Inc. (IML).

The Trust was formed to manage and ensure Chuck's express desire that IML be a direct funding source for The Leather Archives and Museum, located in Chicago, IL. Chuck announced the creation of the Trust in his speech at the 2010 International Mr. Leather Competition. The Trust owns 100% of International Mr. Leather, Inc. The income from IML will be used exclusively to support the Leather Archives & Museum.

The Trustees of the Trust met and elected a new Board of Directors of International Mr. Leather, Inc. In turn, the new Board of Directors elected three (3) individuals to serve as the new Officers of the IML Corporation. They are:

Jon Krongaard – President

Joey McDonald – Secretary

Randall "Bear Man" Klett – Treasurer

The elected officers will have direct management responsibility and oversight of all IML operations, reporting to the Trustees and, on an annual basis, to the Leather Archives and Museum, a 501c3 not-for-profit charity.

Additional announcements will follow as important information becomes available.
